Facilities Support Services

Facilities Update Summer 2014

August 7, 2014

### I. OVERVIEW / HISTORY

This summer's activities were centered on various modernization and maintenance projects throughout the district. The work included classroom improvements, improved technology, student safety and security systems, repairing roofs, restrooms, floors, plumbing, playgrounds and parking lots. These projects were primarily funded through the District's Measure Q bond funds. Maintenance department staff was diligently working to address issues that are typically held off until after schools are empty.

Facilities Update Summer 2014

August 7, 2014

### VI. RESULTS

While recognizing its responsibility to taxpayers, the District followed protocol with the following school site work in the summer of 2014:

- Modernization Projects
- Green Projects
- Facilities Maintenance Projects

### VII. LESSONS LEARNED / NEXT STEPS

Early coordination with school sites around summer programs and proposed construction projects will allow for the timely and safe completion of projects with minimal disruption to students and staff.
