

SACRAMENTO CITY UNIFIED SCHOOL DISTRICT BOARD OF EDUCATION

Agenda Item# 9.5

Meeting Date: March 15, 2012

Subject: Integrated Support Services Update

I. Overview/History

The SCUSD Integrated Support Services (ISS) provides a wide range of social, emotional, and behavioral support services to students, staff, and families. ISS leverages the resources of the district, including universities, internships, and community organizations. ISS offers a variety of services, including health, youth development, and career counseling.

Since 2010, The Cal State Long Beach Center for Community Engagement has become an important partner in providing change within and among students and children.

II. Driving Governance

Pillar I: Career and Community Engagement
Pillar II: Family and Community Engagement
The SCUSD Integrated Support Services have been in existence for more than 30 years.

III. Budget

In the 2012-13 fiscal year, the budget for ISS is approximately \$1.5 million.

IV. Goals

The goal of ISS is to provide high-quality, evidence-based services that address the needs of students, staff, and families, and to reduce barriers to learning and success.

ISS services include:

1. Youth Development
2. Tutoring
3. Career Counseling
4. Health Services
5. Home Visitation

Integrated Support Services Update

Integrated Support Services Department

March 15th 2012

VI. Results:

ISS provides services to more than 9592 students and families per year for a wide range of issues. Services through ISS are funded entirely through grant and site funding.

VII. Lessons Learned/Next Steps:

- x ISS will continue to partner with the community to provide support services that are ever more critical in these difficult economic times.
- x BHC will continue to be a key partner in this effort.
- x ISS will look at opportunities to provide support district-wide and at site level.
